opening new dispensaries in 5 places viz Kurunegala Aralgode and Kanur. Govt in view of the financial condition of the Board, Govt sanctioned only 3 new dispensaries viz at Anuradhapura, Southeberenum & Aralgode thereupon the District Board again urged the necessity of opening dispensaries in the remaining two places viz Jaffna & Kanur, the charge being met from the provision for drinking water wells.

For orders on this proposal, kind reference is invited to this office letter No: 1250 L.B 38-16-2 of 11th Aug 16. The fresh proposals called for in para 2 of the letter have not been received till now.

2) The Conservator now suggests that the charges of the proposed dispy at Kanur should be provided for in the Annual Grant for Settlement of Kumbris. Branch I has perhaps to be consulted on the point & also Branch II.

No. 7581

OFFICE OF THE CONSERVATOR OF FORESTS IN MYSORE

Bangalore, dated 16th January 1917

Enclosures Two

From

M. G. Rama Rao, Esq., B.A.,

Conservator of Forests in Mysore.

To

B. Ramaswamaiya Esq., B.A., B.L.,

Secretary to the Government of
H. H. the Maharaja of Mysore,
General and Revenue Departments.

SIR,

With reference to para 1 of Government Order No. R. 5235-8/L 79-16-2 dated the 29th November last, I have the honour to state that two Dispensaries, one at Aralgode and the other at Karur, are indispensable for affording medical relief tothe Kunbi Settlers. From the copy of letter No. 2257 dated the 24th November 1916 from the Senior Surgeon in Mysore, enclosed herein, it will be seen that the opening of a dispensary at Aralgode has already been sanctioned by Government and effect would be given to the same as soon as a suitable building is secured for locating the dispensary.

3. The necessity for another dispensary at Karur has been urged both by Mr. B. V. Ramaiengar, District Forest Officer, Shimoga, in his special report on the working of the Kunbie Scheme for the year 1914-15, reviewed in Government Order No. 10671-5/Ft.151-16-2 dated the 17th May 1916 and by Mr. M. Venkatanarasappa, the present District Forest Officer of the Sagar Division in his letter No. 38 dated the 5th August 1916, copy of which together with the report

of

of the Special Duty Forester in charge of the Settlement and the tracing referred to therein are enclosed herein for the information of Government. The Senior Surgeon's letter also goes to show that the necessity for a dispensary in this locality has been recognised and that the proposal for opening one has been held up probably for want of funds. The scheme of settlement which was undertaken at considerable trouble and expense with the object of ~~to~~ peopling the sparsely populated parts of the Ghats has so far been attended with a satisfactory degree of success and, in order that there might be no set back to its further development on account of the ravages of dire diseases, I strongly recommend the opening of another permament dispensary at Karur, which would be beneficial both to the Kunbies and to the neighbouring population, the cost of the dispensary being provided for in the grant made annually for the settlement of the Mahratta Kunbies.

I have the honour to be,

Sir,

Your most obedient servant,

M.N.

Conservator of Forests

Enclosures.

SUBJECT.

Enclosed 40-16-15

37

Copy of letter No. 2257 dated 24th November 1916, from the Senior Surgeon in Mysore, to the Conservator of Forests.

With reference to your letter No. 3795 dated 19th October 1916, regarding the establishment of two dispensaries, one at Karur and the other at Aralgode for the benefit of the Kunbi Settlers in the Sagar Taluk, I have the honour to inform you that, on the recommendation of the Malnad Improvement Committee, Government have in their Order No. 1412-15/Med.40-15 dated 18-8-1916(copy enclosed) sanctioned the opening of a dispensary at Aralgode and effect will be given to the same as soon as a suitable building is secured for locating the Dispensary.

2. The opening of a dispensary at Karur had also been recommended, but the question has been deferred for the present, probably for want of funds. If, however, you should consider that a dispensary at Karur is urgently needed and that the Forest Department can meet initial and recurring maintenance charges on the marginally noted scale, necessary reference may be made to Government as required by para 4 of Government Order No. P.10671-5 Ft. 151-15-2 dated 17th May 191

R

3. I may add that, as at present contemplated, the Dispensaries are stationary ones and if in the interests of the settlers, the Sub-Assistant Surgeons in charge are expected to constantly move about, they will in fairness, have to be given a fixed travelling allowance of Rs. 40/- a month, in addition to the usual charge allowance of Rs. 20/- and the use of an extra servant on a consolidated pay of Rs. 12/- a month.

4. The enclosures received with your letter under reply

Conservator of Forests.

Enc to no 40-16-15 5)

Copy of letter No. 38 dated 5th August 1916, from the District Forest Officer, Sagar, to the Conservator of Forests.

With reference to your No. 414 dated the 13th ultimo, calling for a report regarding the localities in which the Mahratta Kunbies colonies are situated and their distances for each other and from existing local Fund Dispensaries, I have the honour to submit herewith a tracing from the Top -sheet on a scale of one inch to a mile on which the relative situation of the 24 Kunbi colonies with reference to each other and to the existing Local Fund Dispensaryes at Sagar which is the nearest one to these colonies is marked. As will be seen therefrom, Aralgod and Karur which are encircled in blue on the tracing would form two convenient centres for the northern and southern blocks of the Kunbi colonies as well as for the neighbouring villagers, and it will meet our present requirements if two dispensaries are opened at these two centres for the benefit of the Kunbies and the neighbouring villagers.

2. The tracing may kindly be returned to this office for reference, when done with.

3. The report of the special duty Forester in charge of the Kunbi Settlement is herewith submitted in original for reference. It furnishes particulars of the distances of the Colonies from each other.
